## *Open the Door to Equity Release*

*Free the Capital locked up  
in your Home*

*Dear Homeowner,*

*Aged 55 or over? A Homeowner? Would you like some extra cash to help you to enjoy your retirement? Home Equity Release allows you to use the rising value of your home to boost your monthly income.*

*Equity Release is proving to be a popular way to increase your income while remaining in your present home. You can use the extra income for whatever purpose you like.*

*Equity Release is not for everyone. And, there are many different equity plans on the market so, getting the right advice is crucial. My company provides completely independent advice on equity release schemes. Addressing the individual needs and circumstances of each client governs our thinking and provides the guiding principles under which we operate.*

*If you want further information about equity release visit our website where you'll find lots more information. If you would like a free consultation we would be happy to explain to you the various options available to you with absolutely no obligation to apply, or pursue the matter any further.*
